About Me

I am currently in the final year of my BA (Hons) Music program at the esteemed School of Contemporary Music, LASALLE College of the Arts, University of the Arts Singapore. Specializing in Pop vocal music performance, I have substantial experience in performing my own compositions on various platforms within LASALLE, for example, including The Summer of Love graduation Theatre Performance and Shared Campus Summer School with students from Norway and Switzerland. My musical journey commenced with 10 years of training in Indian Classical Music, encompassing both Carnatic and Hindustani styles with 5 years dedicated to each tradition. In addition, I devoted two years to honing my skills in Pop vocals. In 2020, I was part of a project that involved teaching music to underprivileged kids in Mumbai. My distinctive artistic approach involves a fusion of Indian Classical music nuances incorporated into the contemporary Pop genre, both in terms of my vocal expressions and songwriting.
